

**MUNICIPAL WATER DISTRICT OF ORANGE COUNTY
DIRECTOR, DIVISION 4**

DON MACALLISTER

AGE: 71

OCCUPATION: Businessman

Local governmental agencies are raising rates, increasing expenses, and generally passing unexpected costs on to us, the citizens. Water rates are increasing dramatically and shortages of supply are growing.

I am a conservative businessman who understands the need for efficiency and financial responsibility. During my terms as Mayor and City Councilman, I worked successfully to instill those same conditions in Huntington Beach to keep taxes low and benefits to the citizens high. Having been involved in community affairs for over 30 years, I have learned to work with government and public agencies. I would like to bring those skills and experience to the Municipal Water District Board of Directors as your representative.

My experience in Huntington Beach includes working with Chamber of Commerce, the Community Clinic, Boys and Girls Club, 4th of July Parade, Seniors Outreach, and the HB Playhouse. I had the honor of receiving the Outstanding Citizen of the Year Award.

Marilyn and I have lived in Huntington Beach for over 37 years. We enjoy having three daughters and three wonderful grandchildren. I believe a close and stable family life is essential in today's society.

Please vote for Don MacAllister for Director, Municipal Water District of Orange County on November 2nd.
